OBJECTIVE

I am Thien(Tian Tran), an experienced and passionate iOS developer in the field of iOS application development. I am looking for an opportunity to apply my knowledge and skills to contribute to the growth and success of a trusted organization. My goal is to create great iOS products that combine creativity, problem solving and teamwork to achieve excellent results and meet company goals. I aim to build a sustainable and progressive career, while growing and learning continuously in a challenging environment. Willing to contribute and work with a professional, dynamic team ready to promote personal and organizational growth.
